## SUMMARY

2+ years of hands-on experience in App Development including 1+ year of Flutter journey experience. Have versatile projects, and familiarity with Flutter, Dart, Java, Kotlin, Go, C++, MySQL, Firebase, Supabase and API Integration—more compatibility with strong OOP knowledge. Ensured project completion before the deadline and managed projects with the cross-functional team. Trying to give the best quality and adaptability makes me an asset to any team.

## WORK EXPERIENCE

### Flutter Developer, SM Technology Ltd.

Feb 2025 - Present

- Implementation of responsive and pixel-perfect UI from Figma designs
- Develop and optimize Frontend functionalities in production apps
- Integrate RESTful APIs in the UI with state management tools
- Ensure efficient project adaptation and collaboration within a merged team
- Work on feature-rich applications with a focus on user experience

### Data Analyst, Intelligent Image Management Inc.

Apr 2022 - Oct 2024

- Conducted comprehensive document analysis of real estate data across US counties
- Successfully processed over 100,000 documents, ensuring accuracy and completeness
- Identified and extracted missing information to enhance data quality and usability

## PROJECTS

### Selling Restaurant Coupon App [↗](#)

- Developed the pixel-perfect mobile app with clean UI, responsive layouts
- Integrated RESTful APIs for user data, authentication, and payment with backend connection
- Integrated Stripe payment and dynamic coupon redemption with payment confirmation
- Built profile, settings, notifications, and help sections with editable user preferences

### Event Finder App [↗](#)

- Find the nearest event location through an app with purchasing the customized ticket
- Responsible for pixel-perfect UI design with basic functionalities of project
- Initially encountered technical constraints in payment integration, resolved through Stripe documentation and implementation.
- Collaboration of Backend Team and Frontend Teammates for this project

### Quizzer - A Quiz App [↗](#)

- Offers personalized quizzes tailored to user preferences
- Integrated the Trivia API to retrieve a diverse range of quizzes through RESTful services
- Provided multiple levels and topics, enhancing user engagement and learning opportunities
- Created attractive UI using Flutter for a seamless and interactive interface

### BidSell - Auction Based Mobile App [↗](#)

- Enabling users to purchase desired goods through a real-time bidding platform
- Facilitated the sale of bulk and rare products, enhancing market accessibility for users
- Completed as a University Capstone Project under the supervision of academic faculty
- Utilized Java for development and Firebase for efficient data management and storage

---

## SKILLS

- **Technical Skills:**
    - **Programming Languages:** C | C++ | Java | Kotlin | Dart | Go
    - **Framework:** Flutter | Django
    - **Database:** MySQL | Firebase | Supabase | MongoDB
    - **Flutter Development Technologies:** GetX | BLoC | Riverpod
    - **Version Control:** Git | GitHub
  - **Soft Skills:** Problem Solving | Team Collaboration | Communication
  - **Languages:** Bangla (Native) | English (Professional) | Hindi (Basic)
- 

## EDUCATION

<b>B.Sc in Computer Science and Engineering (CSE)</b>	<b>Mar 2021 - Jan 2025</b>
University of Information Technology & Sciences (UITS)	
<ul style="list-style-type: none"><li>• Relevant coursework in Programming and Software Development</li><li>• Passionate to work in App Development</li><li>• Gained CGPA 3.39 out of 4.00</li></ul>	

---

## CERTIFICATIONS

<ul style="list-style-type: none"><li>• <b>Academy Pilot Program with Flutter Journey</b> Orange Owl Academy</li></ul>	<b>Nov 2024 - Feb 2025</b>
<ul style="list-style-type: none"><li>• <b>Android App Development Course with Java</b> Bongo Academy</li></ul>	<b>Mar 2024 - Sep 2024</b>
<ul style="list-style-type: none"><li>• <b>Advanced App Development Course with Kotlin</b> Arena BD Ltd. (Govt. Project, ICT Division, Bangladesh)</li></ul>	<b>Sep 2023 - Dec 2023</b>
<ul style="list-style-type: none"><li>• <b>Victory Day Competitive Programming Contest</b> UITS Programmers Hub</li></ul>	<b>16 Dec 2022</b>
<ul style="list-style-type: none"><li>• <b>Graphics Design</b> SEIP Project, Ministry of Finance, Bangladesh</li></ul>	<b>Feb 2020 - Apr 2020</b>
